Introduction for Vicki Hess

Would you like to come to work every day with a skip in your step?

Do you wish everybody was as positive and supportive as you?

Can you picture a workplace full of Chief Paradise Officers?

Well, you're in luck! Our speaker today, Vicki Hess, is all about creating engagement, every step of the way.

From Palm Beach Gardens, Florida, Vicki is an RN, author of several books, Certified Speaking Professional and "Top 5 Healthcare Speaker" for four years in a row. Vicki works with healthcare professionals nationwide to positively impact employee engagement and workplace culture.

When she's not helping clients, you'll find Vicki doing yoga, playing pickle ball, volunteering at the Ronald McDonald House or thinking about how grateful she is for her 2 marvelous sons and husband.
